

PH:HAD

12th April, 1972.

Mr. W.E. Anderson,  
Chief Health Inspector,  
City of Keilor,  
Calder Highway  
KEILOR. 3036

Dear Bill,

Please find enclosed a copy of a Consultant Chemical Engineer's Report on my - problem tip. Unfortunately the photos taken did not come out very clearly on the duplicated sheets.

The following is a table of results of E.Coli tests done before and after the pop festival.

	<u>Before</u>	<u>After</u>
Jackson Creek 440 yards upstream of Stage	144 E.Coli	116 E.Coli
Rear of Stage	156 " "	300 " "
Holden Bridge (2 miles downstream)	420 " "	310 " "

I hope this finds you in good health.

Many regards.

Yours faithfully,

PHILIP HARVEY,  
HEALTH SURVEYOR.
